Pensare l'impossibile e scoprire che c'è. Eclipse: materia viva, che trasforma un desiderio in possibilità d'arredo. I suoi colori naturali, la sua matericità presente ma garbata, i suoi cromatismi variabili ma equilibrati ne fanno una collezione decisamente singolare, di grande personalità stilistica. Per parlare al presente con un linguaggio che ricorda tratti di un importante passato.

REALIZZA IL TUO SOGNO

Realize your dream

Dream the impossible and discover that there's a way to achieve it. Eclipse: a living material that transforms a dream into a decorative reality. Its natural colours, evident but elegant materiality and finely balanced chromatic variance make it an extremely singular collection of great stylistic personality. It speaks to the present with a language reminiscent of a great past.

GIOCO DI LUCI

Play of light

Luci ed ombre che ricordano situazioni lunari, a volte perfettamente luminosi sul palcoscenico siderale ed altre volte visibili appena. Le ombre che caratterizzano il bordo, comunque regolare, accennano a materiali tradizionali che recuperano le molteplici sfumature del cotto, interpretato e superato con elementi contemporanei tipici delle superfici in cemento che lo rendono particolarmente attuale.

A play of light and shadow that elicits the moon, at times incomparably brilliant among the celestial bodies and at others barely visible. The shading of the regular edges hint at traditional materials that reclaim the multiple textures of terracotta. Yet reinterpretation with contemporary elements evoking concrete surfaces make the result undeniably contemporary.
